**RE: SALISBURY - DELAWARE AVENUE ANNEXATION - Zoning
Recommendation - 9.04 Acres; M-38, P-68, G-7.**

Dear Mr. Smethurst:

The Wicomico County Planning Commission at its meeting of December 16, 2004, forwarded a **FAVORABLE** recommendation to Salisbury City Council and the Wicomico County Council for **R-5A Residential** zoning upon annexation of the Cobain property to the City of Salisbury. This zoning classification is a high-density classification but is consistent with the density of apartment development now permitted in the adjoining County R-8 Residential district. The following Condition of Approval was recommended:

CONDITION:

1. A Comprehensive Development Plan shall be submitted for review and approval by the Salisbury Planning Commission for development of this property.

If you have any questions concerning this matter, please don't hesitate to contact Gloria Smith at 410-548-4860.

To: Office of Mayor
From: John F. Jacobs III, P. E., Director of Public Works
Subject: Proposed Annexation of "Delaware Avenue – Cobian Property"
Date: February 03, 2005

Fermin C. and Martha M. Cobian have requested annexation of their property into the City of Salisbury. The Cobian property, containing roughly 9.0 acres lies along the east side of West Road and the west side of Delaware Avenue opposite the City of Salisbury Service Center as shown on the attached sketch. The portion of their property lying between Coty Cox Branch and Delaware Avenue currently lies within the City of Salisbury Corporate Limit. The total area of the property under annexation consideration is roughly 8.3 acres.

The property within the Corporate Limit is currently zoned R-5 Residential. The remaining area is currently zoned I-2 Heavy Industrial under Wicomico County zoning regulations. Shelter Development, LLC, the contract purchaser is contemplating a garden apartment development that will consist of approximately 100 units. A zoning classification of R-5A Residential has been recommended upon annexation by the Wicomico County Planning Commission.

A traffic study will be required of the developer. Based on preliminary research by Salisbury Public Works the proposed development could potentially require traffic infrastructure improvements. East Road may have to be upgraded, as well as intersection improvements made at the West Isabella Street/Delaware Avenue/ West Road intersection, the Booth Street/West Road intersection, the Booth Street/East Road intersection and the Delaware Avenue/Booth Street intersection.

Storm water discharge from this development may impact the Coty Cox Branch/West Road culvert and the Coty Cox Branch/Isabella Street culvert. A drainage study may be required of the developer.

Re: Cobian - Delaware Avenue Annexation

Dear Clay:

I enclose a Petition For Annexation on behalf of Fermin C. and Martha M. Cobian, the owners of the property, and Shelter Development, LLC, the contract purchaser.

Please note that because the annexation is being requested pursuant to the terms of the contract between the parties so as to allow Shelter Development, LLC to develop the property (for residential use), the Cobians are requesting that they be exempt from city real estate taxes until the property is sold, or transferred or they request city water and/or sewer services. Thus, if for any reason some of the other contract conditions cannot be satisfied and the sale to Shelter Development is not consummated, the Cobians will not have to bear city taxes until another buyer appears or the Cobians decided to develop the property themselves.

It would be greatly appreciated if you would coordinate this request with Jack Lenox so that a hearing can be scheduled before the Planning & Zoning Commission at its December meeting.

In response to your request for supplemental information, please be advised:

1. The contemplated development will consist of approximately 100 garden apartments similar in style to Mill Pond Village.

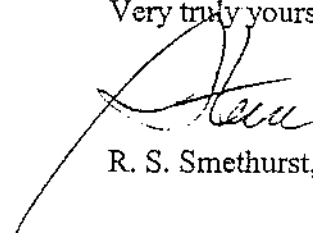

Mr. Clay Hall

November 23, 2004
Page 2

2. The desired zoning classification is R8A, which classification I have already discussed with Jack Lenox.
3. There will be no city streets to be built. It will be necessary, however, to close what appears to be a paper street representing a southerly extension of East Street into the Cobians' property.

The other information you have requested will be forthcoming, probably before the Planning & Zoning Commission meeting, but in any event well in advance of any city council meeting.

Very truly yours,

R. S. Smethurst, Jr.
