Bruce Patterson has 37 years of experience in the not for profit healthcare facilities management arena. He has held various positions of responsibility, and currently serves as Executive Director of Facilities and Properties for Peninsula Regional Medical Center, located on the Eastern Shore of Maryland. Peninsula Regional is an award winning tertiary referral center and is the fifth largest hospital in the State, and has been recognized nationally as one of the top 25 most wired hospitals, as well as in the top 100 Performance Improvement Performers. At Peninsula, Bruce is responsible for all aspects of facility planning, design, construction, acquisition, maintenance, safety security, housekeeping and patient transport. Emergency Operations and Medical Technology Management are also areas assigned to Bruce's duties. Peninsula Regional has recently completed of a major expansion project including 218,000 square feet of new construction as well as an additional 80,000 square feet of renovated clinical and ancillary space. Patterson has guided the entire master planning and design effort and was administratively responsible for the construction activities.

Prior to joining Peninsula Regional, Bruce worked for the Greater Baltimore Medical Center, within the Maintenance and Plant Operations Department. Bruce's educational background is in power plant engineering and business management. Bruce also served on the Premier Facilities Group Purchasing Committee for over 8 years. He currently serves as a volunteer for the March of Dimes, the Wicomico County Board of Education School Building Commission, and is President of Urban Salisbury, a Main Street Corporation. Bruce also provides consulting services for healthcare, in the areas of facilities management and regulatory compliance.
